1300 936 450
sales@vpnet.com.au
www.vpnet.com.au

THE VPNET DIFFERENCE

- Business Grade Firewall
- Router Capable of 4G Backup Included
- Proactive Router Management
- Business Continuity
- Account Manager
- 4/8 hour response time
- Service Level Agreement

VPnet provide an end to end solution, including full installation of equipment at site, and support, so your business can receive high-speed, secure, reliable internet connections. Giving you the service your business deserves.

With our managed router service, VPnet will be notified of any faults that may occur during your business hours, giving you an enterprise grade solution without having to put time and money into training and hardware.
